SPRING/SUMMER 2022

## THE HANDMADE EXPERIENCE

The beauty of handicraft jewelry is one that is both physical and spiritual. Every thread, bead, and stroke creates a wave of energy that is transmitted from artisan to the jewelry.

In this collection we present you Garden Of Eden, a reminder of a beauty that you could only imagine. Imperfect shapes, raw materials, blooming together with original techniques crafted by our team of artisans.

A handwritten signature in black ink that reads "Manik". The signature is stylized and includes a long horizontal stroke extending to the right from the bottom of the letter 'i'.
